### PROGRAM OVERVIEW

ProtoCall Services, Inc. is contracted by the State of New Mexico Behavioral Health Collaborative Agencies to deliver trauma informed responsive care through the least restrictive and most culturally and inclusive approach available. The programs offer people an opportunity to engage in conversations with a mental health professional in the moment support is needed.

Mental health professionals determine a Level of Care for each clinical encounter. This determination guides conversations and the understandings which establish if the matter can be resolved on that engagement, or if a higher level of response is necessary. Most engagements are resolved through the conversations that occur during the interaction between the community member and the support center staff.

Level of Care Clinical Crisis Calls	SFY23 (7/1– 6/30)	YTD 2022 (1/1-12/31)	July 2022	June 2022	July 2021
Routine	52.8%	50.0%	52.8%	52.4%	50.8%
Urgent	40.8%	43.52%	40.8%	41.3%	43.7%
Emergent	6.4%	6.5%	6.4%	6.3%	5.6%

It is important to note that demographic information is not gathered on all encounters as people may decline to provide this information, may not know how to answer, or the support center staff may not have asked the question due to the nature of the engagement. Because of this dynamic, the total number of engagements reflected in each county is less than the total number of engagements reported in the overview of services.

Some things to keep in mind when reviewing demographic information include: (1) a small number of people contact our programs quite frequently, (2) some people chose not to share their demographic information during the encounter, and (3) there are people that do not yet know about the resources.

### Calls Involving Thoughts of Suicide

While suicide is not always the presenting issue during the support center engagement, concerns related to suicide were reported on 35.7% of the engagements on the crisis lines during the month of July 2022. The person reporting concerns regarding suicide on the crisis line, either for themselves or for another person of concern, were supported in the least restrictive manner possible, and when appropriate had a safety plan created. There are times when the New Mexico support center staff request assistance from hospitals, mobile crisis teams (where available), and when necessary, emergency services. These higher levels of care are only implemented when there is not a less intrusive way to keep the person of concern safe.

## Integrated Programs

NMCAL is proud to manage an integrated program where people have a choice to talk to a mental health professional on one of our crisis lines, or to a certified mental health peer support specialist on the Warmline. Because our staff work in collaboration, we are able to connect people to either program during an engagement.

## Calls Involving Substance Use

NMCAL and the Warmline are here to support people that experience substance use concerns. In July 2022, engagements on the crisis lines reflected that 31.6% of the encounters were related to the impact drugs and/or alcohol have in their lives. Another 5.6% reported a history of substance use.

In July 2022, people identified Opioids as component of the primary reason for interacting with us on 5.1% of crisis line engagements, and on 0.2% of the Peer-to-Peer Warmline engagements.

## WARMLINE UTILIZATION DATA

### Peer to Peer Warmline

The Peer-to-Peer Warmline is answered by certified peer support specialists in recovery from their own mental health diagnosis, family / parent peer support specialists who have raised a child with a mental health diagnosis and assisted the child in navigating access to support within the system of care, as well as resource foster parent peer supports who have cared for a youth participating in the resource foster system of care. Warmline professionals are available 7 days a week, 365 days a year via phone from 7:00 a.m. – 11:30 p.m. MT and through text between 6:00 p.m. – 11:00 p.m. MT.

**Note:** Due to a software platform upgrade on the Warmline, some data is not currently available.

People engaging with the Warmline are asked for their county of residence as a way to find and offer services and additional resources beyond the support center encounter. It is important to note that demographic information is not gathered on all engagements, as people may (1) decline providing information, (2) the person may not know how to answer, or (3) the support center staff may not ask the question due to the nature of the engagement.

NMCAL is proud to be the resource of choice that New Mexicans reach out to in the moment mental and behavioral health assistance is needed. We offer free and immediate professional mental health support to anyone that may want it. We understand that every experience is different, and proudly provide invaluable care in the moment a person needs it. We connect people to local services when appropriate.

At NMCAL we know that being here to hear people, and offer a space where they can talk about the distress they are experiencing, can help a person feel less alone, feel supported, discuss a way to keep going, and begin to feel like there is a pathway to wellness.

NMCAL offers an array of services to ensure there is no wrong door to accessing support:

- Supporting people who call, text, or chat the New Mexico 988 Suicide & Crisis Lifeline,
- Supporting people who call the New Mexico Crisis and Access Line
- Supporting people who call or text the New Mexico Peer-to-Peer Warmline
- Supporting people reaching out from the Taos Rio Grande Gorge Bridge intercoms,
- Providing after hours support for clients of community mental health agencies (CSA),
- Providing an online self-guided digital 5-Actions Program™ for people experiencing addiction,
- Delivering Path to Wellness public awareness messages of hope,
- Posting information on a dedicated mental health resource website,
- Facilitating community prevention and intervention trainings,
- Advocating for mental health wellness, and
- Delivering easy access to our services through our NMConnect Smartphone app.
