PROGRAM OVERVIEW

Protocall Welltrack Services, Inc. is an accredited 988 Lifeline provider contracted by State of New Mexico Behavioral Health Collaborative Agencies to deliver trauma informed responsive care through the least restrictive and most culturally and inclusive approach available. The array of services offer people interdisciplinary approaches to engage in free, private, and confidential support for any emotional, mental, behavioral, or substance use concern. New Mexicans can access care through digital CBT based self-help wellness tools and call, text, or chat when they want to engage in compassionate, non-judgmental conversations with a professional mental health crisis counselor or certified peer support specialist, get a referral for services, or request a mobile response team engagement.

**Data is for clinical crisis line calls only*

Mental health professionals determine a Level of Care for each crisis line clinical encounter. This determination guides conversations and the understandings which establish if the matter can be resolved on that engagement, or if a higher level of response is necessary. Most engagements are resolved through the conversations that occur during the interaction between the community members and the support center staff.

| Level of Care Clinical Crisis Calls | SFY24 (7/1– 6/30) | YTD 2024 (1/1-12/31) | Jan 2024 | Dec 2023 | Jan 2023 |
|-------------------------------------|----------------------|-------------------------|-------------|-------------|-------------|
| Routine | 50.4% | 50.2% | 50.2% | 52.0% | 52.2% |
| Urgent | 43.0% | 43.9% | 43.9% | 42.3% | 41.2% |
| Emergent | 6.6% | 5.9% | 5.9% | 5.7% | 6.6% |

It is important to note that demographic information is not gathered on all encounters as people may decline to provide this information, may not know how to answer, or the support center staff may not have asked the question due to the nature of the engagement. Because of this dynamic, the total number of engagements reflected in each county is less than the total number of engagements reported in the overview of services.

Some things to keep in mind when reviewing demographic information include: (1) a small number of people contact our programs quite frequently, (2) some people chose not to share their demographic information during the encounter, and (3) there are people that do not yet know about the resources.

Calls Involving Thoughts of Suicide

While suicide is not always the presenting issue during the support center engagement, concerns related to suicide were reported on 34.7% of the engagements on the crisis lines during the month of January 2024 (34.7% YTD). The person reporting concerns regarding suicide on the crisis line, either for themselves or for another person of concern, was supported in the least restrictive manner possible, and when appropriate had a safety plan created. There are times when the New Mexico support center staff request assistance from hospitals, mobile crisis teams (where available), and when necessary, emergency services. These higher levels of care are only implemented when there is not a less intrusive way to keep the person of concern safe.

Integrated Programs

NMCAL is proud to manage an integrated program where people have a choice to talk to a mental health professional on one of our crisis lines, or to a certified mental health peer support specialist on the Warmline. Because our staff works in collaboration, we can connect people to either program during an engagement.

| Calls Transferred Within Program | SFY24 (7/1– 6/30) | YTD 2024 (1/1-12/31) | Jan 2024 | Dec 2023 | Jan 2023 |

Calls Involving Substance Use

NMCAL and the Warmline are here to support people that experience substance use concerns. In January 2024, engagements on the crisis lines reflected that 33.3% of the encounters were related to the impact drugs and/or alcohol have in their lives. Another 6.1% reported a history of substance use.

In January 2024, people identified Opioids as component of the primary reason for interacting with us on 5.5% of crisis line engagements, and on 0.1% of the Peer-to-Peer Warmline engagements.

People engaging with the Warmline are asked for their county of residence as a way to find and offer services and additional resources beyond the support center encounter. It is important to note that demographic information is not gathered on all engagements, as people may (1) decline providing information, (2) the person may not know how to answer, or (3) the support center staff may not ask the question due to the nature of the engagement.

At NMCAL 988 and the Warmline we know that being here to support people through a variety of platforms creates the space that allow people to find pathways to wellness. When these safe spaces are created people feel more comfortable talking about the distress they are experiencing, assist a person in feeling less alone, offer a person a way to feel supported, facilitate discussions that help a person find a way to keep going, and allow a person to begin to feel like there is hope.

NMCAL offers an array of services to ensure there is no wrong door to accessing support:

- Supporting people who call, text, or chat the New Mexico 988 Suicide & Crisis Lifeline,
- Supporting people who call the New Mexico Crisis and Access Line
- Supporting people who call or text the New Mexico Peer-to-Peer Warmline
- Supporting people reaching out from the Taos Rio Grande Gorge Bridge intercoms,
- Providing after hours support for clients of community mental health agencies (CSA),
- Providing an online self-guided digital 5-Actions Program™ for people experiencing addiction,
- Delivering Path to Wellness public awareness messages of hope,
- Posting information on a dedicated mental health resource website,
- Facilitating community prevention and intervention trainings,
- Advocating for mental health wellness, and
- Delivering easy access to our services through our NMConnect Smartphone app.
